

Aligned with our Trust's vision, **Excellence, Exploration, and Encouragement powered by Equity**, we are committed to overcoming social inequality, passionately striving to improve the life chances of every child in our care. Together, we embark on a journey of academic achievement and personal growth, ensuring that all students are supported and empowered to reach their full potential.

RE Vision Statement

Religious Education (RE) at Holy Trinity is taught to develop religiously literate pupils who can describe, explain and analyse beliefs and practices, recognising and respecting diversity within and between communities. We believe that this will provide all of our pupil's opportunities to be successful in developing an understanding of others (equity).

We aim to engage children in sustained shared thinking about significant human questions, which are addressed through different religions and worldviews. We support children to develop the understanding and skills they need to consider varied responses to these questions and develop their own views and ideas over time. We support them to develop the skills they need to question, debate, **explore**, compare and critically assess different answers to 'big' human questions.

We provide a challenging and robust curriculum based on an accurate theological framework. We believe that the knowledge skills we equip children with at Holy Trinity will enable them to go into the world as curious, independent thinkers who are able to appraise and consider any views they are exposed to.
