

Thank you so much for the positive feedback shared during Parents' Evening. We are currently reviewing all comments and are delighted by the many encouraging responses we have received. We recognise that communication has been identified as a key area for development, and we are committed to working hard to strengthen this further.

We value the views of our families and will continue to look for ways to ensure our communication is clear, timely and effective. Thank you for your ongoing support and partnership with our school.

Questionnaires were handed to parents, 54 were returned, completed.
The responses are noted as percentages of the total returned.

<u>What do you feel the school does particularly well?</u>	<u>Is there anything we could do to improve?</u>	<u>Additional Comments</u>
Keeps in contact about school events.	Child hasn't been in school long enough.	As a sister who helps care for this child it's great to see her happy and grow academically.
Communication via emails/ home learning.	Improve communication to parents about learning and homework.	
		Sometimes feels unsafe when there are behaviour issues with other children e.g. needing to leave the classroom when tables have been turned over by another child.
Instilling kindness and compassion in children.	Yes, more options for ball play during break times to afford children the opportunity to 'burn off' energy.	I think this is key to allow them to be energised and focused on returning to class after breaks.
The care for my child better than her other school did.	More after school sports activities.	Please change the Friday mentions to give parents a week notice.
Understanding what the children need.	Being able to contact the teacher if needed.	Mrs Dowling is amazing! Personal thanks and appreciation to her.
I think the school is very inclusive, and my children enjoy coming to school.	Child doesn't always feel safe in school. Improve behaviour in class.	Some communication and direction come across as patronising i.e. how to brush teeth and why reading to children is important.
My daughter feels safe and comfortable in school.	MCAS is not ideal for messaging. Messages are stacked and not searchable making it easy to miss important information. The general look and feel of the school is a bit tired, it could do with a maintenance refresh.	
Teaching good values.	Not all.	
Supporting my children, always keeping me updated.	Not that I can think of.	

They include the parents.	Nope	
Works well with parents and always doing best by the child.	More information on the school website with pictures.	
They are caring and very friendly.	Sending messages with longer response times.	
Supports with home school relationship.	Communicate if my child has been naughty so they get punished at home too.	
Supporting children mental health, help children with disability. Fantastic teamwork and great reward ideas.	Better communication from teacher and generally. Advise if a teacher has a supply or discuss particularly poignant topics.	
Able to talk to teachers and feel that they are willing and able to help to the best of their ability.	Disruptive year group seems challenging and appears to be tarnishing the experience of some.	
Many things! All the staff are friendly, professional and approachable.	Consistent, permanent staff. Mrs Williams only here until December. Would be good to have regular people.	
Behaviour, communication is good.	Sometimes communication to parents can be quite lapsed.	
Extra curriculum.	Better communication.	
Knowing each child and making them feel safe and happy.	More communication with my child who comes home most days upset and says someone has hurt them.	
All the staff know all the children and how to deal with them. All staff are friendly and approachable.	More sport.	
Understand my child and family life.	Individual/ personal communication. Child progress and/or behaviour. School dinner notice too late so leads to a week of packed lunch.	
Very good at teaching.	More after school clubs and better bullying policies.	

They support emotions well and offer the right comfort when needed.	The safety of pupils in classroom. Where kids are not punched or have things thrown at them. The fact our kids have to be locked inside their classroom to allow children to destroy school property is unfair and disruptive to their learning. Something needs to change to ensure safety and calmness.	
Supporting the children in all areas.	Communication.	
Communicate when kids do well.		
Makes my children feel safe and school enjoyable.		
Promote good values. Variety of materials for teaching with interesting teaching methods.		
Communication via MCAS.		
Great structure and communication.		
Friendly, accepting, understanding, good environment and good curriculum.		
Teacher good values, deals with issues effectively and efficiently.		
Supports my child's additional needs.		
It is a very nurturing school, and they like to work well with parents.		
1 of my children is happy. 1 of my children isn't happy. Most of the time good communication and listen to me as a parent.		
Inclusion.		
Keeping informed reference general school news/policy.		
If I have an issue I feel like I can approach someone about it.		

Teachers are amazing teachers, giving the children lots of resources and things to gain more knowledge.
